

VP Connector End cap

Item no. 83062056

Description

The VP Connector End cap is a small waterproof accessory to protect the VP female chassis connector in the last VP fixture of a cabled string. It ensures the IP rating of the fixture and safety.

This item is recommended in all installations involving VPL fixtures, except those using VP Data Redundancy Devices.

Features and benefits

- ✓ Ensures IP rating and safety for VP installations
- ✓ Waterproof / Dustproof

Certifications & classifications

Specification
