

VPL Opal lens

Snap-on accessory

Description

This accessory is a snap-on Opal lens for VPL fixtures, available in different lengths and enclosures. Using these lenses, the direct view perception of pixels can be altered creating softer textures.

Its rounded shape and opal finish can be ordered for VPL 305-20, VPL 610-20 or VPL 1220-20 with open ends, or "enclosed" by adding end gables in both sides. A 1330mm Opal lens is also available for users who need to cut themselves the lenses in order to match a specific distance.

Features and benefits

- ✓ Opal diffuser for a softer direct view
- ✓ Snap-on attachment to the fixtures
