

R·2 Front Glass, 35°

Item no. 36704010

Description

For a wider beam spread, an optional 35° lens is available for the R-2 series. The lens is easily interchangeable without the use of tools.

The 35° lens is a good choice for creating comfortable, wide and diffused ambient light for office spaces, shops or museums.

Features and benefits

- ✓ Provides 35° beam angle and 71° field angle
- ✓ Interchangeable with 13° lens

Certifications & classifications

Specification

NOTES:

Due to continuous improvements and innovations, specifications may change without notice.

LEDs' expected lifetime provided by manufacturer and obtained under manufacturer's test conditions.

Zoom range defined as a minimum beam angle to a maximum field angle.

Photometric measurements obtained with Goniometer Scan / SGM Illumination Lab 1.6.0.0.

Lumen output in pixel products is calculated.
