

P-2 Lens Kit, 15°

Item no. 83061132

Description

This is an interchangeable 15° lens kit for the P-2 wash light.

Using this accessory, the native beam angle and light output can be altered. With the 15° lens kit, the P-2 will deliver a powerful hotspot to reach distant areas with the maximum optical rendering.

This P-2 lens kits is part of an accessory range of three lens kits (15°, 21° and 43°). Identical for these lens kits is the fact that they are mounted inside the assembly, ensuring that the IP rating is maintained at any time after replacing the lens.

The seal can be verified by using the optional SGM Vacuum Test Kit.

Features and benefits

- ✓ Provides 14° beam angle and 31° field angle
- ✓ Interchangeable with 21° and 43° lens kits

Certifications & classifications

Specification

Physical

Color options	Black - RAL 9004 Custom color - Any RAL White - RAL 9010
Lens material	PE and tempered glass front
Net dimensions	390 x 90 x 510 mm
Net dimensions inches	15.4 x 3.5 x 20.1 inches
Net weight	1 kg (2.2 lbs)

NOTES:

Due to continuous improvements and innovations, specifications may change without notice.

LEDs' expected lifetime provided by manufacturer and obtained under manufacturer's test conditions.

Zoom range defined as a minimum beam angle to a maximum field angle.

Photometric measurements obtained with Goniometer Scan / SGM Illumination Lab 1.6.0.0.

Lumen output in pixel products is calculated.
